

Paper Towels as a Tool for Learning Part One

What is the inside of a paper towel roll called? The “core” Increasing vocabulary may be a goal for your activity. New words may be introduced depending on which project you are using the paper towel to create. Round, rolls, colours, tube, push ,pull, long ,short, stretch, easy, hard, grow, wet, wind, insert, stick, thread, stamp, press, long, short, and even , are just a few examples.

Having fun is a lovely goal! What other skills do you want to promote? Colour recognition, hand eye coordination, dexterity , sense of order, and patterning are a few of the possibilities.

Practicing using scissors may increase their cutting skills or you may spark your child’s creativity and use of colour with paper towel prints.
